November 6, 1947

FOIAb6

This will acknowledge with thanks your letter of 23 October 1947 furnishing data on broadcast stations as heard during your monitoring.

At the present time "Broadcast Stations of the World" is in the process of revision. I am recommending that a copy be sent you upon completion.

Broadcast reception, especially of South America and Europe, should be of good quality this winter; and I hope we may hear from you often.

Very truly yours,

FOIAb3b
